

Technical Training Opportunity – Cincinnati, Ohio Connected Vehicles May 23, 2018

ITS Midwest in cooperation with ITS America and the U.S. DOT Professional Capacity Building (PCB) program is pleased to offer training to ITS Midwest members and others on connected and autonomous vehicles.

The full day training course will be offered **May 23, 2018, 9:00am to 4:30pm at the OKI Regional Council of Governments**, 720 East Pete Rose Way, Cincinnati, Ohio 45202 in the Fourth Floor Board Room. The course is offered at no charge, however registration is required. Space is limited, registrations will be accepted on a first-come, first served basis. To register email the completed form below to Annie Rahall at arahall@teceng.com. If you have questions, please contact Edward Williams at 513.701.9804.

ITS Midwest will provide morning and afternoon break refreshments and a box lunch to course participants. We encourage professionals involved with, or planning, connected vehicle initiatives to attend. The course is eligible for Professional Development Hours (PDHs).

CV201 training description:

The purpose of this course is to help transportation agencies that are beginning to plan implementation of a connected vehicle (CV) environment. The overall goal of the course is to teach participants how to develop an action plan in collaboration with regional partners to improve readiness for CV deployment. Participants will learn more about the safety, mobility, and applications and will gain an overview of three CV pilot sites in Wyoming, New York City, and Tampa. They will also learn how to identify funding sources for a CV projects. Lastly, they will be made aware of recent activities supported by the ITS Joint Program Office and resources available from the CV research program sponsored by the U.S. DOT.
